**Da Vinci Excursion**

On Thursday, 29th of May, most of the Primary classes and the Year 9 class went on an excursion to Mount Gambier to visit the Da Vinci Exhibition at the Main Corner Complex. It was a very educational and exciting day. Here are some comments from several students, together with photos taken on the day.

---

I liked the mirrors, the paintings, machines and the parachute too. The art that we did was fun. The Mona Lisa is the famous painting. **By Lara Wilson.**

My class went to the Leonardo Da Vinci Art Gallery. The class saw lots of inventions and machines. Da Vinci had lots of great ideas like how to build a take down bridge. The bridge is made out of wood that you stack all up to make a bridge. The wood has bits carved out of it so the bridge stays up. **By Phoebe Sneath.**

We went on a Da Vinci Excursion. We built a wooden bridge. We saw all of his inventions and machines. We saw paintings if you would walk left or right, it’s eyes would follow you. The mirror was very cool. There were seven mirrors in a circle and there were sand bags that you could pull up and down. I thought this excursion was very interesting. **By Sam Priddle.**

I enjoyed looking at the tanks and boats of war. I liked making our parachutes and testing them in our art lesson. My favourite part would be touching and watching the machines at work. I also liked watching the tvs on how the machines work with Jedd. Vinci is a name of a town in Europe. **By Merrick Miller.**

**Favourite Holiday** - The Kimberleys, Western Australia.

**Favourite Food** - Thai

**Favourite Saying** - Always treat people the way that you like to be treated.

---

**SCHOOL DENTAL SERVICE**

The School Dental Service is the major provider of dental services for babies, children and young people under 18 years in South Australia. Around 130,000 children attend every year.

The Commonwealth Child Dental Benefits Schedule for 2-17 year olds started in 2014.

All children are very welcome to continue to access dental care at the School Dental Service. Dental care is FREE for most children and the service will bulk-bill Medicare.

Children who do not qualify for the Child Dental Benefits Schedule can also attend - a small fee will apply for each course of general dental care provided.

School Dental Clinics are located across Adelaide and Regional SA. To locate your local Clinic, and for more information about the Benefits Schedule, visit - www.sadental.sa.gov.au

**Breakfast Club Photos**

Yum! Yum!
Reception - Miss Breanna - ZAYLEN SMITH - For always being such a great helper to your classmates.
Reception / Year 1 - Miss Tanielle / Miss Hogg - KYE VANDEPEER - For being on task and for excellent writing.
Year 2 - Mrs Neu - BRADLEY NEALE - For trying hard in all lessons and completing work on time.
Year 3/4 - Mrs Sporton - BRONSON FACEY - For being helpful and supporting other students with their work.
Year 3/4 - Mrs O'Connor - KYRA HAMILTON - For writing an interesting and exciting narrative. Well done Kyra!
Year 5/6 - Mrs Newby / Mrs Biggins - MONTANNA MILLARD - For an excellent improvement to her homework.
Year 6/7 - Mrs Murdoch - ZAK GLYNN - For persistent effort with the “blind” testing on Transition Day.

Over the weekend, Natika Fensom was selected to play in the MID SE 13 and Under Netball Team that completed in the SA Country Championships.
On Saturday, MID SE played 4 games, they won 2, lost 1 and drew 1. After the first round they finished second. This placed them in Division 1 for the Sunday games. On Sunday, unfortunately, they lost 3 games and won their last game against KNT by 1 goal. This was enough to get them through to the Quarter Finals on Monday. On Monday, they played brilliantly in their first game, winning by about 11 goals, which put them in to the Semi Finals. Unfortunately they lost 12-21 against Riverland who went on to win the Tournament.
Natika had an enjoyable weekend, watching some fantastic netball and learning lots.

Senior Constable Paul Griffiths taught the Year 10 students about laser and other forms of speed detection devices used by the Police to keep motorists safe on the road.
Students were able to speed test motorists passing the school - Everyone was coincidentally under the speed limit!
Paul was a guest speaker as part of our Year 10 Physics unit on Road Science.
The students enjoyed the session and asked many questions which Paul answered with great humour!

Year 10 Road Science
