Great Cycle Challenge encourages people of all ages and fitness levels to get on their bikes this October and ride to fight kids' cancer!

The idea is simple, you set yourself a personal target of kilometres and pedal throughout October to achieve your goal.

Your target could be 10km or 1,000km and you can ride for a week, a fortnight or the entire month - it’s up to you.

As part of your registration, you'll get a FREE APP to log your kilometres and you can track your progress online against friends, colleagues and other riders across Australia.

Anyone can take part from any location across the country and you can ride by yourself or create a team with your friends, cycling club or workplace.

You can log your kilometres outdoors or take on the Spin Bike Challenge.

Here's how it works...

1. **Set yourself a KM target**
   Set yourself a target of kilometres for the month of October as your personal cycling challenge to fight kids' cancer.
   If you are taking part in the Spin Bike Challenge, you can set a target of kilometres or hours.
   **Note:** You can change your target at any time during the challenge.

2. **Start your challenge**
   Start your challenge on the 1st October with thousands of riders across the country.
   You can ride during the week, on weekends or take on your own personal cycling challenge for a day, a week, a fortnight or a month - it’s up to you!

3. **Log your kilometres**
   Log your kilometres throughout the month for every ride you complete.

Casual Day

This Friday (25th) the Allendale School White Ribbon working party have organised a wear white casual day. Students are to bring a gold coin donation and come dressed in white clothes (white top, white pants, white shorts, etc.). Clothes with obvious pictures and/or inappropriate writing are not allowed.

The White Ribbon working party, Ashton and Shelby, along with Ms Hodson, will be attending the White Ribbon Breakfast at Frew Park to represent the school.
